All documents necessary to support the exclusion must be filed with the completion of the project.	Assessor by the property owner not later than six months afte
The property owner, primary contractor, civil or structural engineer, or a	chitect shall certify to the building department those portion
of the project that are seismic retrofitting components, as defined by Rev	renue and Taxation Code section 74.5(b)(2). Upon completion
of the project, the building department shall report to the Assessor the	costs of the portions of the project that are seismic retrofitting
components.	
For purposes of section 74.5	
(1) "Seismic retrofitting components" means seismic retrofitting improven	nents and improvements utilizing earthquake hazard mitigation
technologies. (2) "Seismic retrofitting improvements" means retrofitting or reconstruction of an existing building or structure, to abate falling hazards	
from structural or nonstructural components of any building or structural	
hanging objects, and building cladding that pose serious danger. "S	eismic retrofitting improvements" also means either structura
strengthening or providing the means necessary to resist seismic for	
building or structure during an earthquake, so as to significantly reduce hazards to life and safety while also providing for the substantially	
safe ingress and egress of building occupants during and immediately after an earthquake. "Seismic retrofitting improvements" does not include alterations, such as new plumbing, electrical, or other added finishing materials, made in addition to seismic-related work	
performed on an existing structure. "Seismic retrofitting" includes, but is not limited to, those items referenced in Appendix Chapters	
5 and 6 of the Uniform Code for Building Conservation of the International Conference of Building Officials.	
(3) "Improvements utilizing earthquake hazard mitigation technologies" means improvements to existing buildings identified by a local government as being hazardous to life in the event of an earthquake. These improvements shall involve strategies for earthquake	
protection of structures. These improvements shall use technologies such as those referenced in Part 2 (commencing with Section	
101) of Title 24 of the California Building Code and similar seismic pro	
THIS EXCLUSION EXPIRES UPON CHANGE IF	NOWNERSHIP OF THE PROPERTY.
CERTIFICATION	
I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing and all information hereon, including any accompanying statements or documents, is true, correct and complete to the best of my knowledge and belief.
