components.	ung department shall re	eport to the Assessor the c	osts of the portion	is of the project that are	e seismic retrolltting
•					
For purposes of section	n <b>74</b> .5				
(1) "Seismic retrofitting components" means seismic retrofitting improvements and improvements utilizing earthquake hazard mitigation					
technologies.					
(2) "Seismic retrofitting improvements" means retrofitting or reconstruction of an existing building or structure, to abate falling hazards					
from structural or nonstructural components of any building or structure including, but not limited to, parapets, appendages, cornices,					
hanging objects, and building cladding that pose serious danger. "Seismic retrofitting improvements" also means either structura					
strengthening or providing the means necessary to resist seismic force levels that would otherwise be experienced by an existing					
building or structure during an earthquake, so as to significantly reduce hazards to life and safety while also providing for the substantially safe ingress and egress of building occupants during and immediately after an earthquake. "Seismic retrofitting improvements" does					
not include alterations, such as new plumbing, electrical, or other added finishing materials, made in addition to seismic-related work performed on an existing structure. "Seismic retrofitting" includes, but is not limited to, those items referenced in Appendix Chapters					
5 and 6 of the Uniform Code for Building Conservation of the International Conference of Building Officials.  (3) "Improvements utilizing earthquake hazard mitigation technologies" means improvements to existing buildings identified by a loca					
government as being hazardous to life in the event of an earthquake. These improvements shall involve strategies for earthquake					
protection of structures. These improvements shall use technologies such as those referenced in Part 2 (commencing with Section					
101) of Title 24 of the California Building Code and similar seismic provisions in the Uniform Building Code.					
	THIS EXCLUSION EX	PIRES UPON CHANGE IN	NOWNERSHIP OF	THE PROPERTY.
