In order to receive the exclusion, this claim form				
All documents necessary to support the exclusion completion of the project.	ion must be filed with the A	Assessor by the pro	operty owner not later than six months after	
The property owner, primary contractor, civil o	r structural engineer, or ar	chitect shall certify	to the building department those portions	
of the project that are seismic retrofitting comp	onents, as defined by Rev	enue and Taxation	Code section 74.5(b)(2). Upon completion	
of the project, the building department shall re	port to the Assessor the c	osts of the portion	s of the project that are seismic retrofitting	
components.				
For purposes of section 74.5				
(1) "Seismic retrofitting components" means se	eismic retrofitting improvem	ents and improver	nents utilizing earthquake hazard mitigation	
technologies.				
(2) "Seismic retrofitting improvements" means retrofitting or reconstruction of an existing building or structure, to abate falling hazards from structural or nonstructural components of any building or structure including, but not limited to, parapets, appendages, cornices,				
hanging objects, and building cladding that pose serious danger. "Seismic retrofitting improvements" also means either structural				
strengthening or providing the means nece				
building or structure during an earthquake, so as to significantly reduce hazards to life and safety while also providing for the substantially				
safe ingress and egress of building occupants during and immediately after an earthquake. "Seismic retrofitting improvements" does				
not include alterations, such as new plumbing, electrical, or other added finishing materials, made in addition to seismic-related work performed on an existing structure. "Seismic retrofitting" includes, but is not limited to, those items referenced in Appendix Chapters				
5 and 6 of the Uniform Code for Building Co				
(3) "Improvements utilizing earthquake hazard	mitigation technologies" n	neans improvemen	its to existing buildings identified by a local	
government as being hazardous to life in the				
protection of structures. These improvemer 101) of Title 24 of the California Building Co
